UPDATES

a. Staff Reports

Parks and Recreation Update

Parks and Recreation Director Schultz provided an update on Rosemount's indoor ice status as staff continues to assess the needs with Rosemount Area Hockey Association (RAHA). With The Pond in Rosemount closing, RAHA is struggling to find ice for the 2025-2026 season. Staff will continue to work through possible scenarios and share this information with the City Council at the upcoming goal setting session.

Community Development Update

Community Development Director provided an update on upcoming planning commission items, i.e. Project Falcon, Willie McCoy's and Omni.

Council Update

Mayor Weisensel shared a letter of support submitted for the railway and discussed upcoming trainings and conferences.

b. Intersection Control Evaluation Review - 134th Street West & Carlingford Lane

Public Works Director Egger discussed the intersection control evaluation near 134th Street West and Carlingford Lane. Mr. Egger explained the policy and procedures in place to examine traffic controls, i.e. Right of Way Rule, Minnesota Manual, site lines, crash history, etc. Mr. Egger noted there are very low branch trees in this area which is causing site line issues.

Councilmembers questioned whether the trees could be removed to provide better site lines. Staff will work with residents to provide a solution, i.e. provide a different tree not within the right-of-way. Councilmember Klimpel questioned the inconsistencies throughout Rosemount for when signs are warranted. Mr. Egger said the inconsistencies could have been due to the developer including signage and not as much review could have been done in the older neighborhoods. Now, a developer must submit a signage plan.

Staff will meet with residents within the area of this intersection and share the analysis shared here this evening.

ADJOURNMENT

There being no further business to come before the City Council at the regular council meeting and upon a motion by Weisensel the meeting was adjourned at 6:56 p.m.
